

Seattle List May 2017

Why Seattle Matters

In many ways, Seattle is exactly what you think it would be. The coffee shops are great, it has a noticeable “west coast” attitude, the live music scene has an undeniable place in city life and yes, it rains a lot. You also know Seattle as home to Microsoft, Amazon and lots of smart people. This region has a great balance between city comforts and the wonderful mountains and water that surround the city. Seattle’s version of “urban living” is in fact very “urbane”. Most folks here really strive for a middle ground between the great outdoors and the diversity, culture and intelligence of an urban place. There are a lot of connected neighborhoods and the city does not feel that big. Seattle is known as a leader in green and sustainable design. It is also known as a magnet for talent and it has a particular “cool factor” or “high urban IQ” that really attracts the creative class. Pike Place Market is one of the great urban places in the United States. South Lake Union is a good example of a redeveloping urban district around a new street car system. The sea plane tour is one of the best things I’ve ever done. From walking the city, I get the sense that Seattle has a very high percentage of local and independent businesses, especially retailers and restaurants. It was obvious to me that “Seattle was proud to be Seattle” and everyone there seemed to be content with the idea that they could be smart, independent and creative while being part of a neat city and meaningful community.

Restaurants

Favorites...

Must See and Do

- Pike Place Market
- Space Needle (ride the monorail to get there)
- Olympic Sculpture Park
- Sea Plane (Kenmore Air at Lake Union)
- Pacific Place/Nordstrom's Flagship Store (in downtown, also shop along 5th Avenue downtown from Pine to University)
- The Elliott Bay Book Company – Capitol Hill
- Capitol Hill Neighborhood – Pike/Pine and Broadway are main areas, Pike Street and Pine Street from Harvard to 13th Ave., Broadway from Pike to Roy (CafeVita, Cupcake Royale, Retrofit, High 5 Pie, Odd Fellows Lodge, Molly Moon's Homemade Ice Cream)
- South Lake Union district – up and coming urban neighborhood, street car
- Baseball game at Safeco Field – great ballpark, neat neighborhood next door called Pioneer Square, walk to game on 1st or 2nd avenue through Pioneer Square, ride light rail back to downtown core
- Ferry to Bainbridge Island
